# Campagnes / Campagne

11/12/2012 - 26/01/2013

«Campagnes» is a group exhibition project around the idea of landscape drawing. Drawing as a practice support or as an exploration. Whether it is the result of a trance or of a simple meditation, the support to a next intervention or what is left of an act, these are different relations to the line, the gesture and their medium.

With works by Stéphanie Cherpin, Pierre Clerk, Nicolas Descottes, Franck Eon, Nicolas Garait-Leavenworth, Benoît Maire, Charles Mason.

«Campagne» is a presentation of a few acquisitions purchased by the gallery from artists we appreciate. It is a way to sum up our peregrinations, who we met and the 2012 highlights.
